

ARCHWAY SCHOOL KS4 VIRTUAL CAREERS FAIR

Sixth Form

We are proud of our sixth form at Archway and of the contribution students make to the school and to the community. We encourage students to be independent learners who have unique ideas and aspirations, but make sure we provide them with the support they need along the way.

Follow us on Twitter! – Follow the Apprenticeships & Careers Team **@GH_Apprentices** for news on current events, apprenticeship vacancies and further updates.

Apply innovation

Renishaw is a global, high precision metrology and healthcare technology group.

We design, develop, and deliver solutions and systems that provide unparalleled precision, control and reliability.

We are also a world leader in the field of additive manufacturing (also referred to as metal 3D printing), where we design and produce industrial machines which 'print' parts from metal powder. From transport to agriculture, electronics to healthcare, our breakthrough technology transforms product performance.

We have more than 79 offices in 37 countries, with over 4,400 employees worldwide. Over 2,500 people are employed within the UK where we carry out the majority of our research and development and manufacturing.

Our purpose is to help our customers live well for less.

It's about helping our customers get the most out of life, no matter how much money or time they have. We do this by giving them easy, affordable access to the things they need: like healthy food, quality clothes, stylish homewares, the latest technology, and more ways to manage their money. We do all of this sustainably, so we can help our customers live well today and tomorrow.

The British Association of Art Therapists (BAAT) is a dynamic organisation and art therapy is a growing profession. In the UK, [Adrian Hill](#) and [Edward Adamson](#) helped to pioneer art therapy in the 1940s and 50s. Strongly anchored in visual art practice, the art therapy profession has since developed and evolved from a primarily psychoanalytic, psychodynamic model to include other approaches such as mentalization-based treatment, mindfulness, dyadic parent/child, cognitive analytic art therapy, etc.
