Dear Parents/Carers

Online Learning

Thank you for all the messages of support and cards that we have received from grateful families. This really does help motivate our teachers and support staff. If you send any emails to the school with questions concerning your child, please do include the name of your child as it is often not easy to trace who is contacting us through the email address alone.

The school has a number of laptops which we are prepared to donate to families still in need of them. This might be particularly relevant if you have two or more children trying to access one device at home. If you would like to be considered, please drop Mr Salmon an email dominicsalmon@archwayschool.net. Also, we are still refurbishing laptops. These can be donated at the school reception, before 3.30pm daily.

Careers Advice

Year 11 students are warmly invited to get in touch with Mrs Ryall for help and advice on careers and further education advice. We are running virtual careers meetings with Mrs Ryall or an independent careers advisor. Please contact Mrs Ryall to book a slot lesleyryall@archwayschool.net.

Free School Meals

We are delighted to have Caterlink supply our free school meals hampers. They have supplemented the usual hampers using donations from a charity so the quantity and quality of food is really impressive. Only a proportion of eligible families have been in touch to claim their hamper. If you are eligible and would like to claim a hamper then it is not too late to email the school admin@archwayschool.net.

Yours faithfully

Kieron Smith
Headteacher
